

Annual Area III President Report

Area meetings afford members the opportunity to meet new colleagues and to renew old relationships. This year, Area III has been challenged with scheduling meetings. Many of our sponsors had not been available to host. I am hoping 2018 will bring more opportunity for us to gather.

Throughout Pennsylvania this past year, Leading Age partnered with PADONA to share information about the MANY new long-term care regulations. Those who attended the presentations gained a wealth of information to share with others. Members also had many opportunities to learn through numerous webinars.

When I attend education sessions or I have the chance to meet new members of long term care organizations, as the Area III President I bring PADONA bags and pens to hand out. This gives me a chance to share the benefits of a PADONA membership and what membership means to me personally.

I can't believe it is 2018 and we will again be joining each other at PADONA's 30th Annual Convention! a time to collaborate and to celebrate. Looking forward to seeing you there!

30 years, wow!!! Congratulations PADONA!!!

Respectfully submitted,

Lois Marie Pasco
Area III President
