

Attached is a registration form and a credit card authorization form for the program described below. You can download and type directly onto the form to register via e-mail or fax (no cover page with fax, please).

Upcoming PADONA Area II Educational Program

Topic: *Emergency Preparedness for Long Term Care Facilities*

Date: Thursday, November 3, 2016 - 10:00 a.m. - 3:00 p.m.

Location: Presbyterian Senior Living Administrative Office

One Trinity Dr. East, Suite 201

Dillsburg, PA 17019

(800) 382-1385

For GPS purposes use 6 Tristan Drive. When you get to Al's Pizza, continue to the end of Tristan Street. Make a right into the PSL Administrative Office parking lot. Proceed to parking in front of the building. Enter through double glass doors. Proceed to the elevator on left and take the elevator to the second floor.

Cost: \$10.00

RN contact hours are pending for completion of the program and an online program evaluation which includes submission of your license number.

Agenda

1000 - 1030 Introductions and Overview

1030 - 1130 The CMS Conditions of Participation Emergency Preparedness (EP) Rule for LTCs

1130 - 1200 Risk Assessment, and Plans – Continuity of Operations (COOP) and Evacuation

1230 - 1315 Policies and Procedures

1315 - 1400 Communications Plan and Methods (Knowledge Center)

1400 - 1500 Active Shooter Response and Management

Objectives

- Describe the four key elements to a CMS-compliant Emergency Preparedness Program and define the importance and relevance of the New CMS Conditions of Participation (COPs) for Emergency Preparedness to the LTC Setting.
- Describe the process of developing and updating an "All Hazards Risk Assessment" for Emergency Preparedness and how to build facility plans, policies and procedures resulting from the risk assessment.
- Outline key considerations in the development of the required Continuity of Operations Plan.
- Describe the key elements of the required Communications Plan and How the PA Knowledge Center Health Information Management System (KC-HIMS) supports such a plan.
- Describe approaches for reduction of risk of an "active shooter" incident.
- Describe 3 critical response options when an "active shooter" situation occurs, including coordination with law enforcement during an active incident.
